

Guild of Fine Arts Summer Exhibition and Sale now on

The Haliburton Highlands Guild of Fine Arts Summer Exhibition and Sale is now on at the Haliburton Highlands Senior Elementary School in Haliburton.

The big event opened on Wednesday July 2nd and will run through until July 8th. The Exhibition and Sale will be running every day from 10:00 a.m. until 10:00 p.m. On Sunday July 6th it will be from 1:00 p.m. to 5:00 p.m.

Among the many things to see will be Haliburton County Childrens Art Display Presentations on Friday July 4th at 8:00 p.m.

We urge all local citizens as well as our visitors to attend this annual event. You won't be disappointed.

Coneybeare chosen Rotarian of the year

Lloyd Coneybeare of Coneybeare Motors Limited at Haliburton was chosen "Rotarian of the Year" by members of the Rotary Club of Haliburton at the last meeting of the Rotary year held at the Hunters Horn Inn at Haliburton last Thursday evening June 26th.

For his outstanding work and achievements as the Rotary Club of Haliburton representative on the board of directors for the Five Counties Crippled Childrens Centre in Peterborough he was awarded "Rotarian of the Year" and was presented with the Fred Jones Memorial Plaque.

Lloyd who is a past president of the Club and who has served on many committees has always been very interested in the work of the crippled children and has served as chairman of

the local Easter Seal campaign. During the past year he has put his heart and soul while working on the board of directors for the new Five Counties Crippled Childrens Centre in Peterborough which will be officially opened in October.

The new Rotarian of the Year has always been interested in municipal affairs and has served for many years as councillor for ward 2 in the Municipality of Dysart et al and is at present the deputy reeve.

Lloyd is a member of County Council, member of the United Church, member of North Entrance Lodge and has served on many committees in the community and has been long time member of the Library Board.

He is a great sports fan who really loves hockey and football.

Tory Hill boys charged with taking township truck

Last April 22nd was apparently a dull Tuesday for two young Tory Hill boys. 16 year old Steven

Major, and 17 year old Kevin Billings decided to steal a dump truck and from the township no less.

The two boys were apprehended about a half hour later on Highway 121 with the dump truck in the ditch. They apparently had some difficulty in turning it around. Judge G.F.W. Inrig indicated to the court it wasn't the usual kind of take auto without consent charge

and ordered a pre-sentence on the two, to be heard on September 9th.

Drunken man causes disturbance in Centre

A young Minden man who claimed someone put something in his drink at a Minden Community Centre dance last May 17th, ended up being fined \$155 for causing a disturbance and ordered not to patronize any licenced premises for a year.

Leslie Clarence Alton Jr. became involved in a fight

after the dance, screaming and shouting over a chair in his way. Judge G.F.W. Inrig, at Tuesday's regular session of Minden Provincial Court, suggested Mr Alton should be sent down to Whitby for an examination. His honour felt the young man's problem was too much time spent in the beverage room.

Man charged with assault

In the wee small hours of June 29th, 1975, the Minden Detachment of the Ontario Provincial Police received a complaint of a disturbance at the Dominion Hotel in Minden.

As a result of an investigation by Prov. Constable W.A. Bibby, Brian J. Schumaker of 3355 Ponytrail Drive, Mississauga age 26 has been charged with common assault and mischief.

According to reports he broke several glasses in the beverage room and assaulted the bartender. He has been charged with common assault and mischief.

On the same date at 7:00 p.m. the same person was at the Minden Detachment and was further charged with assaulting a peace officer.

Mrs Sawyer wins \$1000

Mrs Bruce Sawyer of Haliburton was very excited last Saturday night and you couldn't blame her as she was the winner of \$1000.00 in the Minden Kinsmen Club's Marathon Draw held at the Giant Kinsmen Dance at the Minden Community Centre.

A big crowd was on hand for the dance and to see all the tickets drawn throughout the evening.

The last ticket drawn was billed as the big winner and it belonged to Mrs Sawyer.

LLOYD CONEYBEARE

Young man charged with careless driving

Provincial Police at Minden report one early Thursday morning mishap which caused \$1,200 damage to a single vehicle operated by Rockrey Titus, age 18, of Minden.

The vehicle is reported to have been travelling south on Highway 35 when it went off the pavement and into the west ditch striking a rock cut.

Investigation by Provincial Constable Bill Clendenen reports that Titus was not using seat belts which were installed in the vehicle but remained uninjured. Damage was sustained to the front end and the right side of the vehicle.

Police report the 2:00 a.m. incident has resulted in Titus being charged with careless driving.

Suspended sentence for Pickering youth

A 19 year-old Pickering youth charged with breaking and entering five cottages in the Twelve-Mile Lake area between November and December of last year had his sentence suspended at the regular Tuesday sitting of Minden court.

Frank Rolphe was described by Judge G.F.W. Inrig

as a young man with a poor education, work and attitude record, and a person who has had quite an experience with drugs. In suspending sentence Judge Inrig said, "I'm going to give you one more break, but if you don't learn from this, you'll end up spending a miserable life in jail."

Mr Rolphe was placed on

probation for three years and ordered to stay away from drugs.

The five cottages at Twelve Mile Lake broken into were owned by, Robert Scobie, Mary King, Winnifred Giblin, John Cook, and Alfred Dolan. Items stolen which were not recovered included an antique phone, cuckoo clock, cowskin rug, and a claw hammer.

Haliburton News Letter

The summer season is with us once again, business is booming all over the County and the streets are crowded with people.

The Headhunter Barber-Stylist operated by Curry (Pork) Whittaker opened on July 4th in the Bowes and Cocks building opposite Curry Motors Limited in Haliburton.

B.B.'s Hard Rock Disco which is located downstairs at the Ol' Barn Tavern in Haliburton village had its grand opening last Thursday night. A good crowd of young people were on hand and the promoters of this new venture are hoping that everyone will patronize it.

Mount Logan on the Yukon-Alaska border still is Canada's highest mountain, but it is definitely 300 feet shorter than previously thought. The new height, first reported after a special survey of the area last year, is 19,524 feet. The old height, established by the International Boundary Commission in 1918, was 19,850 feet.

Our congratulations to Peter Curry who is the new president of the Rotary Club of Haliburton.

Most of the local resorts and cottage establishments were filled over the holiday weekend and we are hoping that this will continue throughout the summer. We understand that more and more resorts are starting to winterize.

We sincerely hope that we don't have too many litterbugs in the Highlands of Haliburton this summer. Do you know that littering on shorelines by boaters and fishermen is costing the province \$100.00 per mile in various areas this year. Ten thousand dollars has been budgeted for 100 miles of shoreline under the student program "Experience 75" by Parry Sound District of the Ministry of Natural Resources. For the past three summers a massive backlog of littering on Georgian Bay has been eliminated by Ontario students. During 1974 alone, students picked up over seven thousand bags of refuse.

The Haliburton Highlands Chamber of Commerce in the next few weeks will be conducting an extensive Membership campaign. Remember, a membership in the Chamber of Commerce is an investment in the future of Haliburton County and for the public good. If you are not already a member you will likely be approached in the next few weeks to join.

Snag, a Yukon settlement, holds the dubious distinction of having been the coldest spot in North America -- a cool 81 degrees below zero (F) in 1947.

Doubtless you have picked a number of scenic and historic spots you intend to visit. By putting a time limit on each visitation, your trailering through towns and cities can be arranged when traffic is light. There is nothing more frustrating for a camper, than to get bogged down in a resort town during the weekly, Saturday morning shopping spree. Careful planning will put you at campgrounds in time for the selection of campsites that offer you comfort and privacy.

In a previous write up we stated that the new Kozy Korner Restaurant in Haliburton would remain open in the evenings until 10:00 p.m. The management told us that this will come into effect as soon as an assistant is hired.

Chamber of Commerce Comment

from Perrott's Perch

The Chamber in the next few weeks will be conducting an extensive Membership campaign, so possibly we could reflect on a couple of basic questions most often asked.

1. WHAT IS IT?
2. WHAT DOES IT DO?

The Haliburton Highlands Chamber of Commerce is a County body of members of business, industrial, professional and private individual members who are dedicated to promote and help to develop a better business climate and a better area for all of us in which to live and work. The organization consists of a Board of Directors, who are elected each year by the general membership. Besides this volunteer Board there are two employees, the manager and a secretary. The lifeblood and workhorse of the Chamber are the Committees. The kind and number are dependant on the needs of the County and Chamber policy, and members are encouraged to take an active part on the committees that may be of special interest to them.

The main function of our Chamber is promotional in nature, to invite visitors to partake of the beauty and benefits of the Highlands which we ourselves too often take for granted. We distribute about 25000 copies of our own Lure Book, which contains a listing and advertisements of our Chamber members, throughout Ontario and the Northern United States. The Chamber appears at the Sportsmans Show in Toronto and in one American city, again distributing Chamber and members literature. There are thousands of inquiries that come to the Chamber office by phone and mail each year. These are answered promptly and whether they be for accommodation, a plumber, a builder, a Doctor, a place to dine or any request, only our members services are recommended to them. The Chamber works closely with all Councils and other organizations throughout the County, and space will only permit me to mention a few of our services.

REMEMBER -- A membership in the Chamber of Commerce is an INVESTMENT in the future of Haliburton County and for the public good.

For Information -- Phone 286-1760.

Brian Watson guest speaker at Wilberforce Minor Hockey dinner

On Friday, June 20th at 6:30 pm a very successful banquet was held in our new Community Hall with about 140 people attending.

Mr Murray Agnew acted as Master of Ceremonies for the evening. Mr Agnew called on Wayne Rutter to ask the Grace. We then enjoyed a lovely Kentucky Fried Chicken Dinner.

After dinner Mr Agnew presented the new executive for the coming year.

They are as follows: President Jack Linkert; 1st Vice President Art Barras; 2nd Vice President Bob Manary; Sec-Treas Joyce Barras; Equipment Mgr Wayne Rutter; Transportation Bill Elliott; Public Relations and Advertising Flo Taylor; Referees Lee Clark; Ways & Means Committee Bonnie Coumbs, Maureen Bousfield, John Bousfield, Meta Manary, John Barker.

This is a very good executive and hope Minor hockey will benefit with their help.

Our coaches for the past season were introduced and given a big hand which they greatly deserved.

The coaches were:

Novice: Don Rowbottom, John Bousfield, Randy Barras; Atom Lee Clark; Pee Wee John Barker; Bill Elliott; Bantam Ward Clark, Howard Anderson; Midget Mac Gadway, Dave Barras. A big thank you to all.

Would like to mention that Ward Clark will not be with us next year, and we

are sorry to see him leave as he really deserves credit for outstanding coaching. He is one of the youngest coaches we have had and really got along great with the players. He took this team to Toronto twice and overlooked the scoreboard while the boys had a good time.

We then had a presentation of trophies.

Jack Linkert presented a trophy to Keith Tallman for his outstanding contribution to Minor Hockey.

We presented trophies to one player on each team for the best in leadership, sportsmanship and perseverance.

Novice team - Bob Manary presented to Tyler Bousfield; Atom Team - Keith Tallman presented to Glen Clark; Pee Wee Team Art Barras presented to Butch Manary; Bantam Team Wayne Rutter presented to Jim Alden; Midget Team Jack Linkert presented to Randy Barras.

The Doug Hughey Memorial Trophy was presented by Mac Gadway to Lyle MacDuff. This trophy is presented for the Most Valuable player of the year.

Lyle MacDuff presented a trophy to Lee Clark, coach of the Atoms.

The other coaches received their trophies after the final game of the season.

Mr George Grant then introduced our Guest speaker Brian Watson of the Detroit Red Wings.

Brian gave a very informative talk on his life in

Pro Hockey. He then had a question and answer period, which everyone enjoyed immensely.

Our very sincere thanks to Brian for coming to our banquet and helping to make it a success.

We would like at this time to give special thanks to our lovely and ambitious Joyce Barras. She spent a lot of time and energy in getting this banquet under way. Thanks, Joyce for making it a success.

Of course our thanks go out to everyone that contributed in anyway with our banquet.

It really was a good banquet and enjoyed by all, so until next hockey season Au Revoir.

Anti-smoking program

During the week of June 9, some 430 grades 4 and 5 pupils in the Haliburton County public schools were exposed to an Anti-Smoking Program.

Mrs Janet Smith, teacher and non-smoker, from Lindsay, presented the program under the auspices of the "Victoria-Haliburton Tuberculosis and Respiratory Diseases Association", of which she is a member.

The presentation took about an hour in each classroom and consisted of a lesson, a film, and a discussion.

At each grade level, the normal respiratory system was discussed, then the malfunctions that can occur due to smoking were discussed.

At the Grade 5 level, the things that are virtually stolen from smokers (eg health, money, etc) were discussed.

In the Grade 4 classes the film "Dying for a Smoke" was shown. The children were left with a "Rickey Raccoon" jingle contest to try, the winner in each school to be the recipient of a Farley Mowat book, "Owls in the Family", and his or her name inscribed on a special diploma that will hang in the school.

Each child in Grade 4 received a booklet call "No Smoking - Lungs at Work" and each Grade 5 child received "To Smoke or Not to Smoke". The Grade 5 film was entitled "Smoking - It's Your Choice" and dealt with "smokers diseases" lung cancer, bronchitis, emphysema, and heart disease.

The program was enthusiastically received by both pupils and teachers. Judging from the interest and questions asked, Mrs Smith felt that the program was a success.

Young people need a meeting place

In a recent issue of the Haliburton County Echo we carried a front page news story with the heading 7 young men charged with theft.

Provincial Judge G.F.W. Inrig told the seven young Haliburton area men charged with 19 counts of theft and related offences, they could be spending their summers behind the bars in Kingston instead of swimming in the lakes of Haliburton.

As the pre-sentence reports on all the boys were good, each received a conditional discharge for a period of three years.

His honour, Judge Inrig, noted that he could appreciate the need for young people in this area particularly, to have a meeting place. The judge said this represented a challenge for service clubs in this area to provide more recreation for young Haliburton area people.

A group in Haliburton have decided to do something about this problem and have opened up B B's Hard Rock Disco, downstairs at the Ol Barn Restaurant and Tavern in Haliburton. The hours are going to be from 9 p.m. to 3:30 a.m. It opened last Thursday night.

Ontario students perform vital tasks

This summer the Province of Ontario has set aside ten million dollars to provide summer employment for almost 8,000 students. The project, labelled "Experience 75", embraces 14 provincial ministries, and ensures the completion of projects which would otherwise be left undone.

In the Ministry of Natural Resources alone, more than 2,000 students will be paid in excess of 3½ million dollars in wages. A myriad of summer programs such as garbage clean-up from shorelines, construction of recreation trails and forest tending will be carried out under "Experience 75."

In the six districts comprising Algonquin Region, 114 students will earn an average of \$1600 for 10 to 14 weeks work. The districts of Parry Sound, Pembroke, Algonquin Park, Bracebridge, Minden and Bancroft have a total budget of almost \$200,000.

"Experience 75" is administered by the provincial Youth Secretariat whose chief aim is to provide employment for otherwise idle students, provide avenues of productive contribution for Youth, and to perform needed government services impossible to provide under regular year-round programs.

People are using more public transportation

With the price of gasoline going up all the time and the high cost of operation of a motor vehicle plus the added traffic jams on our highways these days, it would appear that people are starting to leave their vehicles at home and starting to take the train, bus or commuter trains.

A representative from Travelways was telling us the other day that the bus business has never been better, particularly on the run from Lindsay to Haliburton.

We believe at one time that the bus business was so poor from Haliburton to Lindsay that there was talk of discontinuing the service, but not today.

We understand that the bus business is so good that now instead of coming into Haliburton with an empty bus, that often one bus will not always hold the customers. At times two buses are needed on the local run.

In our opinion the day isn't too far off when the train service from Toronto to Haliburton will be put back into service.

Letters to the editor

Dear Sir:

I would like to congratulate Glamorgan Township on its lovely Old Time Residents Supper.

I am sorry I did not manage to be fit enough to attend, but I heard all about it from people who have travelled and dined in large cities, and who told me, it was as nice carried out as any they had attended, so congratulations to Gooderham.

I am really sorry, but I am pretty crippled with arthritis but I wish to thank all my kind neighbours, who phoned me to try to help me to attend it but my heart was there, although not able to be in person.

So many thanks to everyone, I love Glamorgan and my special thanks to Mr and Mrs Gould, who make it possible for me and my doggie Debbie to stay here, when I have a good home with my son and daughter-in-law in Toronto, but I love Glamorgan and its lovely people and Dr. Heyes and Dr. Good in Haliburton who see after all my medical needs, so thanks everyone and Jurrel and Mattie Gould many thanks.

Helen and Debbie
Helen Gunn
Gooderham

Dear Sir:

We have been summer residents for the last 15 years, and our biggest complaint has been **garbage disposal**. We ourselves have had no problem as at least once a week we take our bag of non burnable refuse to the nearest dump - Yes, there are two dumps available but how many people know about them. As a result you will find parcels of garbage discarded all along the County Road and also the highway!

I am sure people would cooperate.

The Minden dump has always been kept clean and tidy.

So how about a little more help from the Civic fathers. You really cannot expect our families from the city to take several bags of goodies along with the family and a dog!

So do something about it quick before hot weather begins - You will make everyone happy.

For better garbage disposal.

Sincerely
[Mrs.] K. Conibiar
R.R. 2
Haliburton, Ont.

Dear Editor:

On Monday, June 23rd, four very energetic and industrious young ladies began a very extensive summer research project involving the history of education in Haliburton County. This Experience '75 project is being funded by a government grant in connection with the Ministry of Education in Toronto and our local Board of Education in Haliburton. There are five team members working on the project, four of whom are: Laurie Brown, Lois Deacon, Cindy McCallum and Maureen O'Hara. Our fifth member is Hugh Nichol who will join us on the 1st of July. Throughout the summer, the team will be working under the supervision of Mr. J.D. Hodgson, Director of Education and Mr. Dale Robinson, Head of the History Department at the Haliburton Highlands Secondary School.

Working from school attendance rolls and school board records and through interviews

with former staff and students, we will formulate a complete history of the educational development in our county. Once our data is accumulated, we plan to edit the material and present it in book form which will be available to the general public.

We would be very grateful and most appreciative to hear from those of you who may have any information, pictures, etc. which would aid in the success of our project. Our headquarters is at the Haliburton Board of Education Office, and we can be reached at the following phone number: 457-1980. Please feel free to drop in this summer to talk to us about the project.

Sincerely
Patricia Gorrie
Project Leader

Dear Sir:

Having waited well past the 10 day period allowed for Social Credit members in Victoria-Haliburton to request a nomination meeting to elect a candidate for that riding, and having received no such request, I hereby declare Mr. Harry Hughes of R.R. 1 Minden the Social Credit Party candidate for Victoria-Haliburton, by acclamation.

I have informed Mr. Hughes by mail today that he is now our official representative, spokesman and candidate for the next election, so far as Victoria-Haliburton is concerned.

In my letter to the candidate I have asked him to observe the spirit of our campaign slogan "FIGHTING TO CHANGE THE SYSTEM."

Like all Social Credit candidates he is instructed that there is no need to get into a name calling or mud slinging type of campaign. Our fight is not with other candidates or other parties, but with a system that has outlived its usefulness.

I have complete confidence in Mr. Hughes' knowledge of Social Credit principles and his ability to communicate them to the public. I recommend that the press consider him my spokesman in all matters, in his beautiful part of our great province.

Sid Hamelin
Ontario Social Credit Leader

Dear Sir:

On Highway 530 just a short distance from the Airport Road we are fortunate in having the most wonderful spring of cool clear water which I understand has been running continually for the past 80 years.

Many of us who are permanent residents get our drinking water there and on the weekends hundreds of cottagers fill up to last the weekend and many take the odd container back home.

Unfortunately we have a few and thank the Lord a very few who do not appreciate just what it means to have this spring and I can inform the clear and pure water but they must empty their ash trays, throw out baby's sanitary diapers, used kleenex and other trash.

We find no fault with their way of life and we presume having this trash in their kitchens is a daily occurrence but we would respectfully ask that they either keep their trash until they get home or dispose of it in the proper manner. The spring site is not a garbage dump.

Sincerely
Karl McLearn

Pic of the Past

This weeks photo takes us back to the year 1938 and shows the employees of Weavers Mill near their lumber camp on Kushog Lake near Dorset. Back Row, left to right - Joe Gibbs, Bob Austin, Neil Owens, Sid Clark, Royce Harrison, Arleigh Harrison, Bill Kinnear, Bill Bowen, Dave Burke,

Herman Johnson, Addie Thompson, Harold Lemming, Bob Hughes. Front Row, left to right, Donald Gillies, Len Cannon, Russell and Allan Johnson, Earl Bowen, Bert Gillies. Our thanks to Mrs Earl Cooper of West Guildford for giving us permission to use this photo.

Much about nothing

RECENTLY, I listed some of the things I disliked in our society. When I'd finished, I thought to myself, "Boy, you are a nasty old piece of work. Do you realize you've barely scratched the surface?"

For a week or two, I went around thinking, in 10 or 20 second spurts, every three or four days, that I was a Curmudgeon.

Some of my younger readers will not know what a curmudgeon is. Well, it comes from the root word "mud."

We all know what mud is. It is dirty. It is cool under the toes, unless it is in the form of a mud pack, which is good for the wrinkles. If your name is Mudd, you are either in the doghouse, or you are a loser. I hope that is clear.

To the root word "mud" (unless we want to root around in the mud a bit longer), we attach the prefix "cur."

A cur, as everyone knows, is a cad with teeth, and sometimes a moustache, who plays the villain in old-fashioned melodrama.

In new-fashioned melodrama, he also has teeth, but in addition he has a big belly or a bald head, and he has become the hero, as in *Cannon* or *Kojak*.

Still with me? We now have "curmud", signifying a mean guy who is cool under the toes, has wrinkles, or is a loser. Sometimes all three.

Now we come to the suffix, "geon", which is of more obscure vintage.

It is of Hungarian antecedent, and it seems to have meant, originally, something we might call colloquially "a dummy that makes a lot of silly and unnecessary noise without getting anywhere," which is rather a contradiction in terms, come to think of it.

There are many perversions of the original, of course. We find the suffix in such words as "Injun," "engine" and "john."

But the original meaning is in there somewhere. An Injun, for example, is one of the original "In" people, who rides around in ever-diminishing circles, emitting war-whoops, until he is shot off his horse.

Think of your car. The engine makes a lot of silly and unnecessary noise, at least mine does, and gets nowhere. Occasionally, the car gets somewhere, but the engine remains exactly where it started, in the car.

And, of course, there is the colloquial word "john," meaning a toilet. Or water closer or backhouse, if toilet offends you. This item of hardware indulges in a great deal of unnecessary noise, whether receiving or transmitting, and is usually going nowhere, except on trains, buses or airplanes, when it is so active it has to put up a "busy" sign most of the time.

On ships, of course, with their innate sense of superiority, the "john" is called a "head."

This came about when one of the head men in the British

BILL SMILEY

Navy, Admiral Sir Dudley Pound, affectionately known to his jolly tars as "dud," once went looking for the "john" and discovered a lot of Common Seamen, and a very common lot they were, lined

up with one of the symptoms of scurvy known as "dire rear." In the interests of clarity, this has nothing to do with the term "rear admiral."

Understandably, Sir Dud flew into a high rage, the only type allowed to senior officers, and uttered a good deal of silly and unnecessary noise, or "geon," when he had to wait his turn for the "john."

As naval tradition has it, this led to the wedding of "dud" and "geon", meaning a john that isn't working, or a senior officer with a reu face, or a towering rage, whichever you choose. That's one of the beauties of the English language. You can take your pick. And you know what you can do with it.

If you have followed me carefully through this brief but enlightening exploration into semantics, I am sure you have come to the conclusion, as I have, that I am not a curmudgeon at all.

I am not a mean guy. I haven't hit a little kid since mine grew up.

I am not cool under the toes. My feet heat something terrible in this weather.

I am not a loser. How can you know you're a loser when you don't know what it is to be a winner?

I do not go around making silly and unnecessary noises, except when it is absolutely necessary.

And finally, I feel that I am definitely getting somewhere. Older?

I'd like to end with a little poem, dedicated to those keen students of the vagaries of our vocabulary who have followed me down this pit-fallen trail.

That Smiley
While he
Is often in high dudgeon
Is no curmudgeon,
But wily.

The Argyle Syndicate Ltd.

Haliburton Highlights

Power for the last few days has been off for certain hours of the day on Park Street in Haliburton while the Ontario Hydro Crew are installing a new line into the new Extendicare Hospital.

Patients at the Red Cross Hospital in Haliburton last week were Mrs Hilda Kellett, Mrs Phyllis Hodgson and Mrs Jean Thompson all of Haliburton, Mrs Kay Morrison and baby girl of R.R. 1, Haliburton, Mrs Lois Corbett of Harcourt and Mr James Dewey of Gooderham.

Mr and Mrs Don Dunsmore and James and Andrew of Winnipeg were visiting for the month of June with their parents Mr and Mrs Elwin Robertson of Haliburton.

If the outstanding motion pictures that were

shown in the latter part of June at both the Molou Theatre in Haliburton and the Beaver Theatre in Minden are any indication, then the movie going public are in for some excellent pictures this summer. Some of the great pictures last week were *The Great Waldo Pepper*, *Airport 1975*, *The Front Page* and *Cabaret*.

The Haliburton Highlands Guild of Fine Arts Summer Exhibition and Sale is in progress now at the Senior Elementary School in Haliburton. It runs from July 2nd to July 8th.

Some of the older people and also some of the younger ones are complaining that when they go the ball games at the Haliburton Ball Park they have to stand as there are no bleachers presently at the park.

Guild of Fine Arts Summer Exhibition and Sale now on

Here's another beautiful display you will see at the Haliburton Highlands Guild of Fine Arts Exhibition and Sale which is on from July 2 to July 8th at the Senior Elementary School in Haliburton. Photo by Dal Hubbert

La Rue steps down as president

Thursday night's meeting of the Rotary Club of Haliburton held at the Hunters Horn Inn marked the end of one term and the start of another as Scottie LaRue completed his term as President of the club and officially handed over the Rotary sash and pendant worn by the president to Peter Curry who assumes office on July 4th.

In his concluding address to the club as president Mr La Rue outlined some of the activities through which the club had benefited the community and area during his term of office. He particularly mentioned the main project which was the new tennis courts at the Rotary Beach which have been very popular since the first day that they opened.

In his farewell talk he told the members and the eight guests present that he will remember his year as president for the rest of his life and thanked everyone for the memories of the past year. He went on to say that it was a great year for Rotary and a great year for club projects. The past president made mention of many of the great programmes and speakers the club had during his year of office giving a rundown on many of the outstanding ones.

He congratulated many of the members who were key men in the success of the summer carnival, winter carnival and festacolor.

In closing he stated that he wished to thank all the members who had contributed of their time and energy for the work of the club during the past year.

Art Ward moves up as Vice President and John Rouble will take over from Ken Langdon as Sgt-At-Arms.

Peter Curry elected Rotary Club president

Peter Curry of Curry Motors Limited in Haliburton is the new president of the Rotary Club of Haliburton for 1975-76. Peter became President at the Rotary Club's year end meeting which was held at the Hunters Horn Inn last Thursday evening.

The new president is a great community minded citizen and has served on many Rotary Club committees before taking over as president. He has served on the board of directors for the past several years.

Peter was born in Haliburton and has lived here most of his life. He is married to the former Robin Schell of Haliburton and they have two daughters.

As Rotarian Rea Stinson pointed out to the club

members that with Peter coming in as president it marks a first in the history of the Haliburton club. Peter's father, Ronald Curry was the first president of the Haliburton club and it's the first time that a father and son have been presidents of the club.

He is looking forward to good programs in 1975 and stressed good attendance

Former church leader attends Rotary meeting

The Rotary Club of Haliburton were really honoured last Thursday night to have at their year

end meeting at the Hunters Horn Inn, Dr. Robert McClure, former moderator of the United Church.

Dr. McClure who is also a Rotarian made a big hit with all the members and guests and his strong personality and great sense of humor shows why he was a great moderator of the United Church.

Dr. McClure who was a keynote speaker at the Rotary International Convention held in Montreal recently in delivering a few short remarks to the club pointed out that Rotary is not only a community organization but that it is world wide. He went on to say that the Community needs Rotary and that Rotary is one vehicle by which the people around the world can better understand each other.

RENTAL GM LEASING

VERY LITTLE DOWN WHEN YOU LEASE A NEW CAR FROM US

That's because your deposit on a new lease car can be substantially less than what you'd put down to buy a new car. What's more, you'll never fret over what your lease car is worth at trade-in time because your car will never get too old.

Each monthly leasing payment also covers such costs of enjoying a new car as financing, depreciation, taxes.

There are other solid reasons for leasing a new Chevrolet from us. So, come on in. Let's discuss the lease plan . . . and that new Chevrolet . . . that fit your needs. And your pocketbook.

Haliburton Highlands Secondary School

Ninety-two students were named to the Honour Roll at Haliburton Highlands Secondary School. These students achieved an average of Seventy-Five or more on this year's work.

These students will be honoured by the staff of the secondary school at a special banquet which will be held on October 25, 1975. At this time, several scholarships, honours and awards will also be presented.

The following students are to be congratulated for

their diligence and high academic standing:

YEAR 1

Tracy Bennett, Kimberley Brohm, Alan Cooper, Lou-Ann English, Erin Gilligan, Michael Gleason, Thomas Gough, Kenneth Griffin, Debra Hicks, Marilyn Holland, Robert Jackson, Beverly Jones, Rhonda LaPorte, Kathryn Martin, Barbara McPhail, Marina Pearcell, Kimberley Roberts, Andrew Salvatori, Dianna Scott, Linda Sheckleton, Corrine Shepstone, Janice Simmons, Jennifer Stephenson, Norma

Teasdale, Henrietta Van-Lieshout, Paul White, Lonnie Wood.

YEAR 2

Loretta Burk, Douglas Cameron, Brent Colliver, Lorraine Cowan, Rebecca Davidson, David Everall, Louise Fleming, Jacqueline Gough, Brenda Graham, Terri Lynn Graham, Colin Hewitt, Wendy Homestead, Linda Ingram, Catherine Kinsman, Carolyn Langdon, Reginald MacDuff, Robert McCrea Brian Mulholland, Peter Neville, David Petrini, Jerry Stephenson, Brenda Whitney.

YEAR 3

Stephen Baker, Lynn Barnhart, Steven Colliver, Marlene Cook, Joe Iles, Thomas Jowett, Craig Kennedy, Beverley Kimble, Kenneth Mantle, Catherine Maxwell, Richard Stouffer, Marilyn Thayer, William Tyler,

Teresa Vanderwal, Larry Watson.

YEAR 4

Walter Alrutz, Elwood Austen, Douglas Bates, George Cooper, Judith Cooper, Lois Deacon, Kim Emmerson, Sandra Gough, Wendy Greer, Katherine Hill, Shelley Jones, Wade MacInnes, Ruth McElwain, Dean Minto, Maureen O'Hara, Barbara Payne, Nathan Petrini, Cleve Roberts, Curtis Rogers, Karen Thomson, Alan Trepanier.

YEAR 5

Laurie Brown, Margaret Darby, Leslie Freeman, Charlene McElwain, Kerry Riley, Peggy Roberts, Ruth Stephenson.

Rotarians honoured for perfect attendance

The Rotary Club of Haliburton has always stressed good attendance and they always pride themselves in the fact that they usually are in first place each month in attendance in Rotary District 701.

At the club's year end meeting at the Hunters Horn Inn last Thursday night many members were honoured for having perfect attendance.

Rotarian Ron Curry was given a standing ovation when it was announced that he had just completed thirty-one years with perfect attendance. What a record this is. Following close behind was another Rotarian, Rea Stinson who has twenty-four years perfect attendance.

The following members were also honoured. Lloyd Coneybeare - 17 years, Harry Good - 17 years, Frank McIntyre - 16 years, Curry Bishop - 12 years, Russell Woodcock - 12 years, John Rouble - 10 years, Ken Langdon - 7 years, Scott Larue - 6 years, Allan Bagge - 6 years, Dennis Baker - 2

Fox attacks dog

Last Wednesday a fox arrived in the village of Harcourt and immediately attacked a dog owned by Mr. Thomas Coughlan.

Following the fight the fox was finally shot by one of the Game Wardens from the Ministry of Natural Resources.

The dog has been tied up and fenced in while waiting reports to see if the fox had rabies.

Personal news from Carnarvon

Mr and Mrs Phil Allcorn and family were weekend visitors with Mr and Mrs Gordon Allcorn.

We welcome to Carnarvon Mr and Mrs Wayne Teye and family who have bought the home of the late Clayton Rogers. We hope they will be happy in their new home.

Our deepest sympathy is extended to Mrs Clare Pugh and her family in the loss of the Clare. The Pugh's have had a cottage up here for a number of years on Halls Lake.

Mr and Mrs Gordon Allcorn were in Toronto for the weekend to help celebrate the 70th birthday of Gordon's sister Mrs Moore.

Mrs Blanche Windsor underwent surgery in the Civic Hospital in Peterborough but is coming along nicely, she expects to be able to come home on Friday.

Garth and Mark Windsor of Belleville visited with Maurice and Mark expects to stay for the summer with his grandparents.

Mr and Mrs Hal Burton and Mrs Muriel Hewitt spent the day in Oshawa last week.

Mr and Mrs Sinclair attended the United Church conference in Keswick last week, they hold this

conference in Muskoka.

Mrs Muriel Robb and Natasha of West Guilford have gone for a motor trip to the West Coast to visit with friends and relatives there, as they used to live there some time ago.

Safe boating week

Water related sports, and boating in particular, are Canada's favorite family pastimes. As more and more Canadians take to the waters for recreation and relaxation a concerted effort must be made to focus attention on the necessity of knowing and observing the basic rules of common sense and courtesy in, and on the water.

To this end the Canada Safety Council, in co-operation with Transport Canada, sponsors National Safe Boating Week from 1 to 7

July.

During this designated week the Council wishes to pay tribute to the many persons and organizations, who have given unselfishly of themselves in an effort to keep our waterways free of accidents and injuries.

The more one knows about a sport the more pleasure one will derive from it. So, if you are inclined toward water sports learn the bends and hitches through a recognized club under expert guidance.

Report from parliament

The budget tabled last week in the House by Finance Minister John Turner provides additional evidence that the federal government is stumbling blindly through a maze of serious national problems.

There was not a single provision in the budget to deal effectively with the continuing problems of inflation and unemployment, or with the very serious matter of economic growth.

In his budget speech of last May, Mr. Turner said "The outlook for the Canadian economy is bright. We are thriving as never before in our history." He predicted that the growth in the national economy for 1974 would be five per cent, and that the growth rate for 1975 would be about nine per cent.

He couldn't have been further off the mark. The actual rate of growth of the economy in 1974 was 2.5 per cent. In the twelve month period since last June, the rate of increase in the economy has been minus two per cent.

It is obvious from that that the present government is completely out of touch with the reality of our present economic and fiscal positions. Mr. Turner supported this view in his budget speech, when he said

that the costs of all government departments and programs was higher than had been predicted last November.

The finance minister said that the federal government has adopted a position of restraint in government spending, and yet he proposed measures, such as the insidious ten cents per gallon increase in gasoline prices, to increase revenues to cover increased government costs.

It is no wonder that investors are holding back to see what is going to happen to the economy, and that industry is not expanding and creating the new jobs we so desperately need today. The Canadian economy is sick, and yet, instead of proposing sound policies to get the situation under control, Mr. Turner spent most of his budget speech telling us how bad things are. We already knew that.

The gasoline tax is a scandalous tactic to raise additional revenue. It has been suggested that, in view of the fact that personal income taxes have increased by 130 per cent since the present government took office, they lacked the courage to increase direct income tax rates at this time.

It has been predicted, though, by economic experts, that personal income taxes will have to be increased in the budget the government is expected to table in the Fall. If that happens, we might well become the highest-taxed country in the western world, with the exception of Israel and Sweden.

The increase in gasoline prices will have a serious effect on all areas of the country, like Victoria-Haliburton, that depend heavily on tourism. With the ten per cent tax increase on power boats last year, the recent increase in gasoline prices will be disastrous for small and medium-sized tourist operations where the margin of profit has been declining.

It is scandalous for the citizens of an oil-producing country like Canada to have to pay as much for petroleum products as in countries that have to import all of their oil and gas. The reason why we do pay so much is that our resources are as badly managed as our economy.

In the area of housing the budget also falls far short of what is needed. In spite of the fact that the Minister for Urban Affairs admits that he is thousands of units behind his target for new housing, the budget only provides two hundred millions in additional housing funds. That amount could be absorbed by a single large Canadian city in the coming year, without solving their problem.

Everybody has the right to affordable housing.

This is what Ontario is doing to help them obtain it.

In recent months, the Ontario Government has introduced, or expanded, a number of measures aimed at putting home ownership within reach of greater numbers of people. That means doing two things — making more housing available and helping you to meet home ownership costs.

Four Ontario Government programs are directed right at these objectives:

1. **Home Ownership Made Easy (H.O.M.E.)** brings home ownership within reach of many moderate-income earners. Houses are built on serviced lots which are then leased by Ontario Housing Corporation to new homeowners, who may buy the land after five years. This combination makes possible lower-than-normal down payments and carrying costs.
2. **Ontario Home Renewal Program (OHRP)** offers grants and loans for home improvements through local municipalities to low and moderate income homeowners. This

plan works to rehabilitate sub-standard dwellings — especially those with faulty structural and sanitary conditions — and to upgrade plumbing, heating and electrical systems.

3. **Ontario Housing Action Program (OHAP)** helps municipalities and developers to increase the supply of serviced land, thus lowering the cost of home ownership and rental accommodations. It also encourages the building industry to more closely match the housing mix to the purchasing power of the majority of the population.
4. **Ontario Home Buyers Grant** provides a \$1,500 grant in three instalments to any Ontario resident who is 18 or older and buying a first home. There are no price or income restrictions but the home must be the buyer's principal residence and acquired at fair market value. The purchase must be completed by December 31, 1975 and the buyer must be living in the home by June 30, 1976.

If you would like more information or free literature on these four housing programs, write to:

Government of Ontario

William Davis, Premier

Consumer protection can help us

Glen Hodgson, M.P.P.

Probably at some time in our lives, we've all been fooled by what we thought was a fantastic deal. Maybe it was the AM/FM radio which came "free" with the purchase of a \$399 dishwasher. It sounded terrific at first, but then we found out the same dishwasher was selling for \$359 at another store. That "free" radio actually cost \$40.

An experience like this is frustrating. It often makes the buyer look foolish and almost always costs him more in the long run. The old saying generally holds true: you can't get something for nothing.

Even though common sense is your best defence in the market place, the government has an obligation to its citizens to make sure as few unethical business practices as possible take place.

Consumer protection legislation in Ontario is designed to fulfil this obligation, making the market as fair and honest a place as possible.

Probably the most important government measure in this field is the Business Practices Act which became law May 1, 1975. The Act establishes a general code of business standards that a consumer could come to know and trust, and, that a responsible businessman could incorporate in the conduct of his affairs.

The Business Practices Act is umbrella legislation in that it covers virtually every transaction involving a vendor and an individual consumer. It prohibits false misleading or deceptive representations for all products and services sold to customers. For example, a vendor is not able to make false statements about the quality, age or style of a product. It also serves to prohibit phony fire, bankruptcy or warehouse clearance sales.

Other unfair business practices now prohibited

When summer comes and thoughts turn to picnics, save your used quart and two-quart plastic coated milk cartons. Fill them with water, freeze them and pack them in the picnic cooler.

include:

- * exaggerated sales pitches - eg., "encyclopedias will make your children brilliant scholars"

- * false statements of sponsorship - eg., "most CFL players eat Crunchy cereal"

- * ticketing an item with a "sale" price which actually isn't reduced in price at all

- * taking advantage of a consumer who isn't able to protect his own interests because of infirmity or inability to understand the language of an agreement, for example.

The Business Practices Act allows the consumer to

obtain a ready and inexpensive means of redress. Complaints can be filed to the Ministry of Consumer and Commercial Relations, against a salesman or company. If the Ministry finds the complaint valid, an order will be issued to the offending party. If not, the consumer can appeal to the courts. There is then a 15 day period in which an accused party can file an appeal with the Commercial Registration Appeal Tribunal.

If the customer wins his case, the agreement made with the vendor is cancelled

and the buyer gets his money back and payment for any damages. A guilty offender who fails to comply with orders can be fined up to \$2,000 and/or a prison term. Corporations can be fined up to \$25,000.

The Consumer Reporting Act, administered by the Ontario Ministry of Consumer and Commercial Relations, also offers protection to the consumer. It ensures everyone that information collected for rating purposes be correct and used responsibly, and, that the person reported on has access to his own file. I feel

this is an effective buffer for the consumer when you consider that, in the past, personal information was not always efficiently gathered and you didn't have any way of knowing what was said about you.

The Ministry of Consumer and Commercial Relations publishes booklets which can be an invaluable aid to people in all areas of market. In content, these publications range from tips for senior citizens to buying a

car, real estate or starting a small business.

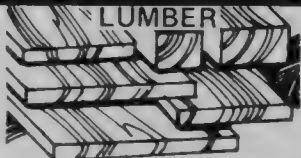

The consumer protection legislation of our government is indeed a great help to many consumers who lose thousands of dollars annually to deceptive salesmen and con artists. As Ontarians, we can indeed be proud of this protection as the most progressive in Canada and as a sure sign of the government's concern for our satisfaction in all areas of life.

Gems of Truth

A FALSE CHALLENGE

Some time ago a certain pastor faced his congregation with this challenge: "I challenge you to live a Christian life for six months and thereby discover its merits. If you earnestly accept this challenge, you will never live any other life."

This rather strange appeal came from a man who by his ordination and profession is supposed to preach the Gospel and tell men and women how to be saved. The appeal may be stirring and attractive, but it is utterly false basically. It challenges to "live the Christian life" and to "discover its merits", without first of all making certain of personal salvation and the possession of spiritual life. It presupposes that man becomes a Christian by trying to live like a Christian.

Such a challenge utterly ignores what the Scriptures teach concerning man by nature, as well as the fundamental principles of the doctrine of Salvation.

The Apostle Paul writing to the Christians at Ephesus

declares the sad fact that man by his own nature is dead because of sins and transgressions, and alienated or separated from the life that is in God. In Ephesians 2:1, we read "And you hath He quickened" or "made alive", who were dead in trespasses and sins". Chapter 4, verse 18 further states, "having the understanding darkened, being alienated from the life of God through ignorance that is in them, because of the blindness of their heart."

These passages describe the state and condition of all men, whether Jew or Gentile, in their natural state wherein they were born. They have no Spiritual relationship with God and Spiritual things remain a mystery to them. The Word of God specifically states that "the natural man receiveth not the things of the Spirit of God; for they are foolishness unto him; neither can he know them, because they are Spiritually discerned." 1 Cor. 2:14. Man in his natural state wherein he was born does not discern or understand Spiritual things, neither does he have

any interest in them. Apart from the action of the Holy Spirit and the work of God on Calvary, men are hopelessly lost, with no Spiritual life in them.

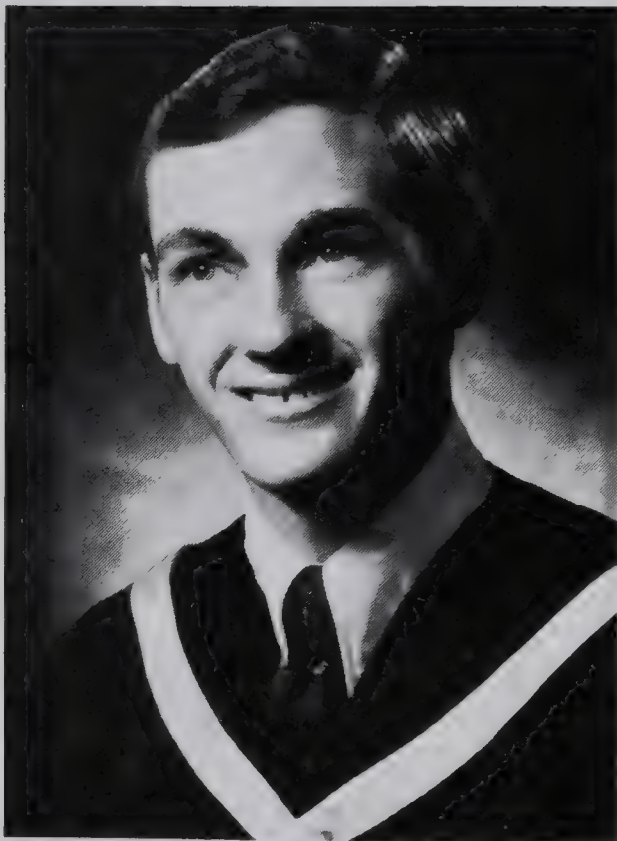

This teaching is the dark background of mankind in his unsaved state and it is against this that the Gospel shines brightest. It is said of John Wesley that his sermons always gave the sin background before the Glory of Redemption from sin was extended to his audience. The result was amazing. It is still the way of truth for our day and age. Mankind must be brought to know and own their lost and ruined condition before they can be saved.

So to try to live the Christian life in the natural state is an impossibility. To live that life it must first be received. No one can become a Christian without being born spiritually. This is what Jesus tried to explain to Nicodemus in John 3:1-18. Physically life is received by physical birth, so also is Spiritual life received by

Spiritual birth. The one who commits his life in the hands of the Lord Jesus for cleansing from sin receives new life from the Saviour in exchange for his sins. What a tremendous barter He makes! Furthermore, such an exchange brings the natural man into the family of God and he can be called a Christian.

According to the Holy Scriptures, only such as have been regenerated by the power of the Holy Spirit and the agency of the Word of God become members of the one true Church and have the right to be called Christian. 1 Cor. 12:12-13. Eph. 1:22-23. Only such can live a Christian life without the Spirit of God dwelling in him than a dead man void of life can live physically. The challenge therefore, "Live a Christian life for six months and thereby discover its merits" is utterly false and misleading.

Food for Thought: We need more Christianity in boots than in books, and more living versions of the Bible than revised versions.

Pastor inducted at Minden Gospel Church

On Wednesday, June 18, 1975, Mr Ronald Thornton was officially inducted as the Pastor of the Minden Gospel Church. Mr. Thornton has been ministering at the Minden Gospel Church since December 1, 1974.

The Rev. Jack L. Hockney, Executive-Secretary of the Associated Gospel Churches of Canada, officiated at the service and brought greetings on behalf of the President of the Association, the Rev. Carl Crate of Verdun, Quebec as well as other members of the Association and sister churches.

Mr Wes Sisson, an elder of the congregation, escorted the Pastor-elect to the platform and on behalf of the congregation requested the denominational officials to induct Mr Thornton as their pastor.

The Rev. Ralph D. Thornton, pastor of the

Dunnville Gospel Church and brother of Pastor Thornton, brought the Induction Address.

Mrs Phyllis Sisson presented the Pastors wife, Mrs Beverley Thornton, with a beautiful bouquet of flowers on behalf of the ladies of the church.

Mr Robert J. Wunker rendered a musical solo, "I Don't Need to Understand, I Just Need to Hold His Hand".

Refreshments and a time of fellowship were enjoyed by all at a reception in the church following the service of Induction.

Pastor and Mrs Thornton would like to express their appreciation to the members and friends of Minden Gospel Church, and to others including family members who travelled from Toronto and Dunnville to participate in this special

Senior citizens group formed in Wilberforce

As a result of a meeting held by Cleo Earle, Marion Tallman, Flo Taylor, Pat Barnes, Joyce Barras, Pat Clarke and Mary Langridge, a group of about 50 people met on Tuesday, June 17 in the Wilberforce Community Centre, to discuss forming a Senior Citizens group, to include members from Tory

Hill and Harcourt or other places nearby.

The meeting was conducted by George Grant who acted as chairman. After a brief talk regarding the formation of such a club, Mr Grant introduced Mr Keith Tallman who welcomed the group to the new centre on behalf of the Monmouth

Council.

Mr and Mrs Ted Arnold were then introduced and together showed movies of a safari they had gone on in Africa. Mr and Mrs Arnold have many beautiful pictures of tropical birds and animals in natural surroundings and were explained by Mrs Arnold as they were shown. Since time permitted only half to be shown Mr

Arnold has promised to return at a later meeting to show the remainder an event all who attended look forward to. Mr. Arnold was thanked by all.

Refreshments were then served and the formation of the group discussed. It was decided to hold a further meeting as soon as necessary information was at hand regarding grants etc.

Solution for wolves

The following is letter taken from the "Alaska" magazine.

Here's my solution for making all sides happy in the Alaska's wolf problem. Don't kill the wolves. Use helicopters to shoot every wolf possible with tranquilizers, then cage them up and give them to wolf lovers in the smaller states for training as pets. This approach would make hunters, most Alaska residents, and certainly all your innocent deer, caribou and moose very happy. It would provide abundant joy for the do-gooders and their lovable pets.

Lloyd Loop
Bow, Washington

Ed Note:

Coincidentally the Alaska Board of Fish and Game recently passed a resolution which authorizes transplant of live wolves to other states and nations.

(Maybe our Ministry of Natural Resources could get a few more for Algonquin Park.)

Another section of the magazine quotes the Alaska Board of Fish and Game "that rebuilding of moose and deer populations cannot be achieved without removal of a portion of the wolves that prey upon them."

This Laughing Pilgrimage

by Nila Reynolds

I particularly recall one elderly couple who came regularly from the United States just to fish for bass. They caught far more than they could possibly use so distributed the rest of their catch throughout the community since those who could not fish for one reason or another were always glad to eat them. Their largess and general good spirits made them very welcome and their return a happy occasion.

Ed's mother took great pride in her cookery and housekeeping skills. She had a special mania for gathering

large washings and it was a very serious thing for her if an early bird neighbour had a bigger wash or pinned it earlier on the line. In those days putting out a large wash was a back breaking chore for the clothes had to be rubbed by hand on a wash board then placed in a wash boiler for boiling after which they were rubbed and wrung from the water to be rinsed twice, blued and starched if necessary. To suit Mrs Finlay's standards each and every pillow case, sock and garment had to be turned wrong side and every single piece must hang on

the line in perfect order like a smartly turned military drill team before an exacting officer.

She once went to Cleveland to keep house for her son while his wife was hospitalized. Following her lifetime habit she arose early Monday morning to do her laundry. Imagine her chagrin and dismay when a neighbour's long line of freshly washed garments flapped in the wind before her startled gaze. She must have felt like Queen Victoria who entered her throne room to find another crowned lady occupying her throne. Like the good queen she swore "This will not happen again."

The very next week she rose at 4 a.m. and wrought mightily with strong soap, hot water and blueing; again her eyes were confronted with that neighbour's snowy linen. She was somewhat appeased when her female underground spy campaign discovered that the apparently early rising laundress was actually a woman who worked out all week and was forced to do her wash on Sunday although custom forbid it the line on that holy day and she hung it out under cover of darkness to greet the eyes of Monday morning's early risers.

Mrs. Finlay was never able to motivate me to enter her wash day sweepstakes. Perhaps I lacked such energy or pride since it never bothered me in the least when the neighbours

got their wash out as long as I was able to finish my own satisfactorily.

Ed's mother had a formidable presence accompanied by a quick temper which "flew off" on short notice. We might have been bad friends many times had I not treated her with respect and known when to keep my mouth shut. She seemed to like me and was the soul of kindness whenever I was sick or in need of help.

Ed's father was a Scotchman, very quiet and easy to get on with. He stayed with us for six months when Grandma took a trip and he wasn't the least bother although Gerald was quite small at the time. Indeed he and Grandpa struck up an instant friendship. They were great pals even though the youngster loved to play with Grandpa's boots lacing them into all kinds of strange shapes which sometimes would involve considerable time spent by the wearer undoing them. One of their great joys was sharing a dish of ice cream just before bedtime.

Grandpa's death from pneumonia and other complications was a great sorrow for us all. At the onset of his illness Grandma treated him with poultices and other trusted home remedies but his family felt that a doctor should see him so called in one from the village, an elderly doctor who said it was only a little stomach trouble which he left pills for

and assurances that he would be alright in a few days. When they finally decided to call in a second medical opinion it was too late to help him. His untimely passing left an emptiness in our hearts which has remained forever unfilled.

As well as its own entertainment a travelling medicine show sometimes came to the village to give free concerts which advertised their particular "cure all" product. Their gimmicks included a prize for the most popular young lady and one for the best looking baby which Gerald won in spite of the fact the numerous contestants numbered among them twin girls. His prize was a tall old fashioned cruet stand of the very good silver plate all the go then with five bottles for vinegar, salt, pepper, mustard and one other.

Minden OPP kept busy

During the period of 23 June, 1975 to 29 June, 1975, the Ontario Provincial Police, Minden Detachment, investigated 19 motor vehicle collisions and 119 general occurrences.

There were 11 persons charged with violations of the Liquor Control Act, 4 persons charged with impaired driving, 4 reports of break, enter and theft, two persons charged under the Narcotic Control Act.

Gary J. Foster age 19 of R.R. 2, Minden has been charged with failing to report a collision on June 21st, 1975. The motorcycle he was driving was southbound on County Road #2 at 8:15 p.m. when he tried to negotiate a curve to the left he drove the motorcycle onto the west shoulder and it rolled over. Damage was estimated at \$150 and the driver was treated for a fracture at the Minden Red Cross Hospital. OPP Constable W.G. Popp investigated the accident.

Olive M. Atkinson age 51 of R.R. 1, Tory Hill received bruises from an accident which occurred on June 25th, 1975 at 10:40 a.m. The

Trent-Severn Waterway

The flows in the Gull and Burnt Rivers have dropped off in the last few days as a result of the hot dry weather. If this continues there will be a gradual drop in the level of all the reservoir lakes.

The Kawartha lakes are generally full as a result of the last period of rain so that any drawdown of the reservoirs will be to supply the minimum river flows required for navigation and water quality.

Elliot, Lake, Ont., is known as the uranium capital of the world.

vehicle in which she was driving was westbound on Highway 121 (Just west of Jct. 648) and it drove onto the south shoulder crossed the roadway went into the west ditch rolling over onto its roof. Damage to the vehicle was estimated at \$1500. OPP Constable K.M. Legge of the Minden Detachment investigated the accident.

A head on collision occurred on June 25th, 1975 on the County Road #7 (Kennis Lake Rd.) when a vehicle driven by Glen E. Montague age 16 of 11 White Abbey Pk., Scarborough which was southbound collided with a vehicle driven by George E. Oliver age 19 of 216-15 La Rose Avenue in Weston. Mr Oliver has been charged

with having no insurance and also for driving to the left of the centre of the road. Damage to the two vehicles has been estimated at \$500. Constable W.F. Devereaux of the Minden Detachment of the Ontario Provincial Police investigated the accident.

Eric A. Van-Velzen age 22 of 35 Riverside Drive, Thornhill has been charged with careless driving due to an accident which took place on June 29th, 1975. The car in which he was driving was northbound on Highway 35 (just north of the County Line) and he was trying to negotiate a curve to the left. The vehicle drove onto the east shoulder, crossed the roadway coming to rest in the west ditch. OPP officer R.V. Telford investigated the accident and damage to the car was estimated at \$1000.00.

HOMEOWNERS

Insurance rates on resident property have been increasing. There are various ways that your INDEPENDENT INSURANCE AGENT may help you improve on your present insurance premium.

1. At the cost to replace your home today are you insuring to replacement value?
2. Do you live in a HYDRANT area?
3. Do you live within FIVE miles of a fire hall, off an open road and accessible year round?
4. Those also who live outside the areas mentioned and Summer Residents, CALL THE

MARK S. VASEY INSURANCE AGENCY LTD. MINDEN - HALIBURTON

A-110 SLIPPER ROAD

Vacant land with 582' frontage, level, well treed, possibly suitable for three building lots. Asking \$20,000.00.

Hall's Lake news

Mrs Jean Wheeler's brother, his wife and children from Ann Arbor, Michigan, have been visiting with her for a few days and accompanied her to church at St. Stephen's on Sunday.

Mr David Danner, Student Minister for the Summer, was in complete charge of the service and sermon at St. Stephen's and did a fine job on Sunday, despite the heat and the 3 o'clock service was quite well attended.

Nice to hear that Rev. Stanley B. Hills is to take an early Sunday morning Communion Service each Sunday during July at St. Stephen's.

A representative of the Government's "New Horizons" programme is coming to speak to Club 35 members this Monday afternoon. We will be interested in learning what their benefits are for Seniors in this community.

Mr and Mrs George Hunt and Mr and Mrs Reg Archer have just become new members of Club 35.

Mr and Mrs Bert Nicol

and Cathie Montgomery are now at the Lake for a holiday.

A carload of ladies from Hall's Lake left this morning to pick strawberries at the Robertson farm. Hope it isn't too hot for them.

The weather was ideal for swimming this weekend and one would have thought it a July or August weekend with the heat and the number of people who

arrived to spend the time at their cottages.

Mrs Rawlins and Mrs Bursey report a very successful week at Hyland Crest during Senior Citizens' week and over 200 enjoyed the annual dinner and programme at the Home. Several ladies helped with the dinner and also with the Afternoon Tea and Garden Party on Thursday.

GERALD D. HEYWOOD REAL ESTATE BROKER

Thank-You

The Family of the late Pearl Fearrey wish to express their thanks and appreciation to all who helped in any way during her sickness and our bereavement. Your kindnesses will always be remembered. Harvey Fearrey and Family.

I would like to thank my friends and neighbours for the beautiful cards and prayers and visits during my operation. They were greatly appreciated. Special thanks to my Doctors, Nurses and Staff of St. Joseph's Hospital, Peterborough. Ethel Saunders.

I would like to take this opportunity to thanking all the people who sent so many get well cards and all of those people who willingly helped my wife with the various chores around the garden and lawn during my extended stay in Hospital and those who took the time to visit with me during those weeks, also Lt. W. Savage of the Haliburton Salvation Army.

Again may I say a very grateful thanks to all. J.W. Waywell (Captain).

I would like to express my thanks to Dr. Hayes, Dr. Chapman, and the Haliburton Ambulance Drivers and special thanks to Dr. Belch, Nurses, and staff on the fifth floor of the Civic Hospital, for their care and kindness shown me while I was a patient there.

Many thanks to friends, neighbours and to St. Anthony's Altar Society for the cards, phone calls, and prayers. May God Bless you all. Harry Luna.

Mr and Mrs Oliver Higgins thank all their relatives, friends and neighbours who came to visit them on the occasion of their 50th Wedding Anniversary. Many thanks for all the cards and gifts received. A big "Thank You" to our children and grandchildren for their help and for the wonderful surprise supper held at Halimar Lodge. Relatives and friends came from Michigan, Indiana, and Connecticut U.S.A. Cornation Alberta, Willowdale, Georgetown, Scarboro, Richmond Hill, Oshawa, London, Lindsay, Bobcaygeon, Gooderham, West Guilford and Haliburton.

In Memoriam

DANIEL - In loving memory of a dear wife and mother, Madeline, who passed away June 26, 1970.
We seem to see in the soft dim light
A face we love the best;
Recalling her as the sun's last rays
Go down in the far-off west.
We miss her more as time goes on,
We can never close our hearts;
And the lamp of our love still burns
Her heart the truest in all the world,
Her love the best to recall;
None on earth could take her place,
She is still the dearest of all.
Sadly missed and lovingly remembered by husband Ralph and family.

COWAN - In loving memory of a dear mother, Lennie, who passed away on July 4, 1974.
Dear mother who is never forgotten,
Though on earth you are no more,
Still in memory you are with us
As you always were before.
Always remembered by daughter Doreen and son-in-law Albert Davis and family.

COWAN - In loving memory of my dear wife, Lennie, who passed away July 4, 1974.
Though your smile is gone forever,
And your hand I cannot touch
Still I have so many memories
Of the one I loved so much.
Your memory is my keepsake
With which I will never part,
God has you in His keeping
I have you in my heart.
Lovingly remembered always by husband Harry.

COWAN - In loving memory of a dear sister, Emma Lennie, who passed away July 4, 1974.

So many things have happened
Since you were called away,
So many things to share with you
Had you been left to stay.
Every day in some small way
Memories of you come our way;
Though absent, you are ever near,
Still missed, loved, always dear.

Love Sister, Sadie and Fred.

COWAN - In memory of a dear father, Ralph Hogg, who passed away May 10th, 1952 and mother, Emma Hogg, who passed away July 13, 1948.

It's not the words, they are but few,
It's the golden memory of you.
Each flower and leaf may wither,
Each evening sun may set,
The hearts of those who love you
Are the ones who never forget.

Sadly missed by daughter Sadie and Fred.
